

NATIONAL MEETING of the SWEDISH CHEMICAL SOCIETY

Västerås, 16-18 of June 2025

The Swedish Chemical Society welcomes you to the third national chemistry meeting, which takes place in Västerås, Stockholm-Region, at Steam Hotel, the 16-18 June 2025. The meeting brings together representatives from all fields of chemistry within the society and offers a program of top plenary lectures, exciting specialized parallel sessions, and plenty of opportunities for interactions with meeting participants and exhibitors between scientific sessions.

A special invitation to young(er) chemists, to showcase their research and ideas and to take advantage of the unique networking opportunities.

Confirmed plenary speakers:

[Catherine Murphy](#), University of Illinois Urbana-Champaign, USA.

[Helma Wennemers](#), ETH Zurich, Switzerland.

[Leticia Gonzales](#), University of Vienna, Austria.

Sponsors/Exhibitors:

In the tradition of previous national chemistry conferences there will be an exhibition. Interested vendors please contact [Agnes Rinaldo-Matthis](#) for more information.

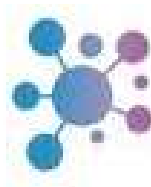

Visit the website at www.scs2025.se for updates.

We are looking forward to meeting you!

On behalf of the Organizing Committée:

Mark Rutland, Royal Institute of Technology.

Berit Olofsson, Stockholm University
